6.1 Sentence Comparison

The screenshot displays the 'Sentence Comparison' interface. At the top, the 'Similar Rate' is 95%, and there is a 'Download Report' button. Below this, there are tabs for 'All Sentences(40)', 'Same Sentences(40)', 'Similar Sentences(0)', 'Quoted/Cited(0)', and 'Law/HolyBible(1)'. A 'Setting' bar allows users to toggle various options like 'Citation/Source', 'Law/HolyBible', 'Toc./References', and a percentage threshold. The main area is divided into 'Document' and 'Sentence Comparison' sections. The 'Document' section shows a list of sentences with their 'Sentence Similar Rate'. A red dashed box highlights a sentence, and an arrow points to a detailed comparison view on the right. This view shows the source URL, the scope of comparison, and the document name. The document name is '외국인 이름 한글 표기시 순서 (★중간이름)', which is explained as the order of Korean names for foreigners (Last Name, Middle Name, First Name). The comparison view also shows the source URL and the document name.

① The plagiarism rate of a document.

(Plagiarism rate = Number of suspected plagiarism terms / Total number of clauses X100)

② Download results certificate : Download a plagiarism check results report for the current document
Available in PDF.

③ Sentence group : You can view all sentences totally or narrow down the list by group of sentences using tab. Click each sentence to see only the applicable sentences

④ Change the Settings : You can include or exclude particular units not only when you upload documents but also in this result page. If you change Setting value and apply it, it will generate new plagiarism result and the new score will be saved as final

⑤ Similar sentence : Highlighted sentences means that your text is matched similar to other comparing sources. If you click highlighted sentence, you can see the matched sentences and the sentences source document on the right screen

⑥ URL to destination page : If you click on the URL, you can move to the original source page
